## QUOTE DETAILS

This quote covers a living room TV upgrade and additional CCTV cameras at the Sorrento property. TV options include standard TV on swivel bracket or Samsung Frame TV for best aesthetics. Camera details to be confirmed.

## ADDITIONAL INFORMATION

### CUSTOMER DETAILS

**Customer:** Leah Homewood **Location:** 834 Melbourne Road, Sorrento VIC 3943

### QUOTE DETAILS

This quote covers two projects at your Sorrento property: a **living room TV upgrade** and **additional CCTV cameras** to expand your existing security system.

For the TV, we are exploring options to replace your existing built-in unit within the sandstone fireplace. This includes either a **standard TV on a swivel bracket** to cover the existing cavity, or a **Samsung Frame TV** for the best aesthetic integration with your fireplace surround.

Camera specifications and TV sizing are currently being finalised following our site visit.

### LIVING ROOM TV UPGRADE

Your existing TV is built into the sandstone fireplace. To accommodate a larger screen, we have two main approaches:

#### Option 1: Standard TV on Swivel Bracket

A larger TV mounted on a **full-motion swivel bracket** that covers the existing fireplace cavity. This allows the TV to be pulled out, angled, and tilted for optimal viewing from different seating positions.

#### Option 2: Samsung Frame TV

The **Samsung Frame TV** offers the cleanest aesthetic solution. When not in use, it displays artwork and blends seamlessly with your decor. The ultra-slim profile sits nearly flush against the wall, ideal for a built-in look against the sandstone surround.

*Sizing and model to be confirmed.*

### ADDITIONAL CCTV CAMERAS

Expansion of your existing CCTV system with additional cameras. Locations, models, and specifications to be confirmed following site assessment.
